## Experience

**IT Manager & Data Protection Officer** | Brent Mortgage Bank Limited | Lagos, Lagos  
| October 2021 – Present

- Spearheaded the successful implementation of a new mobile banking app in collaboration with Interswitch, NIBBS, and NIP, resulting in a 15% increase in customer transactions and a 10% improvement in customer satisfaction ratings.

- Optimized IT infrastructure through server virtualization, network enhancements, and software updates, leading to a 20% increase in system performance and a 5% reduction in downtime.
- Enhanced network security and stability by configuring and maintaining servers, routers, and switches, minimizing security breaches and ensuring business continuity.
- Streamlined email communication and improved security by managing email systems, including mailbox configuration and implementing robust security measures.
- Developed and enforced IT policies and procedures in compliance with banking regulations, mitigating potential risks and ensuring data protection.
- Partnered with various departments to identify technology needs and provide effective solutions, streamlining workflows and improving overall operational efficiency.
- Evaluated and managed IT vendor performance to ensure cost-effectiveness and high-quality service delivery, optimizing IT budget allocation.

**Junior Data Analyst** | Infonomics Technology Services | Lagos, Lagos | September 2020 – October 2021

- Collected and analyzed data from diverse sources, identifying key trends and patterns to support business decision-making.
- Created compelling data visualizations using Power BI and Excel to effectively communicate insights to stakeholders.
- Utilized SQL queries to extract and manipulate data from databases, ensuring data accuracy and integrity.

**Frontend Web Developer** | Ceflix Scepter | Lagos, Lagos | July 2018 – November 2019

- Developed user-friendly web applications using HTML, CSS, and JavaScript, enhancing user experience and engagement.
- Implemented responsive design principles to ensure optimal website functionality across various devices and browsers.
- Translated UI designs from Adobe XD into functional web interfaces, maintaining design consistency and brand identity.
- Collaborated effectively with the development team using Git version control, ensuring seamless code management and project collaboration.
- Optimized website performance using GT Metrix, improving page load speed and overall user satisfaction.
